Location:
Hlaing, Yangon

EDUCATION

University of Info Tech (UIT)
Bachelor of Computer Science
B.C.Sc. Software Engineering
2024 - 2026 (2nd Year)

TECHNICAL SKILLS

Programming:
C++, JavaScript, HTML/CSS

Frameworks:
Node.js, Express

Database:
MySQL

Tools & Platforms:
GitHub, VS Code, Figma

Currently Learning:
React, REST APIs,
AI Integration, System Design

PROFESSIONAL SUMMARY

Motivated Computer Science student at the University of Information Technology (UIT), Myanmar, with a strong interest in software engineering and web development. Passionate about building modern web applications with clean UI/UX. Continuously learning new technologies while developing projects that demonstrate practical software engineering skills.

EXPERIENCE / PROJECTS

Cafe Website with Reward Gaming System

Developed a responsive web application featuring interactive mini-games designed to improve customer engagement.
Features: Memory Card Game, Coffee Bean Catch, Reward System, Clean UI
Technologies: HTML, CSS, JavaScript

Caesar Cipher Encryption Program

Built a command-line encryption and decryption tool in C++ with input validation and an interactive menu.
Features: Encrypt & Decrypt, ASCII Support, Error Handling, Menu UI
Technologies: C++

SOFT SKILLS

Teamwork | Fast Learner | Communication | Problem Solving
Critical Thinking | Time Management | Adaptability

LANGUAGES

Burmese (Native) | Japanese (N4) | English (Intermediate)

CERTIFICATION

IP Certified (Information Technology Passport / Fundamentals)
